NEED ADVICE?

We are thrilled to announce our guest writer, Dr. Shirley is coming out of retirement. We are excited to hear from you all with questions, concerns, or general thoughts that you feel Dr. Shirley can help you with. Feel free to turn in questions to your teacher. He/she will forward them to Mrs. Hinds to pass along to Dr. Shirley.

NOMINATIONS!

Do you know of a teacher or administrator who goes the extra mile? Someone who thinks outside the box? A person who not only ensures your safety and academic success, but who makes it fun! If so, we'd love to highlight that person in our newsletter. All you need to do is submit their name to Mrs. Hinds at ahinds@seeschool.com by the 10th of each month along with a brief description of why they should take the win—simple right?

THE RACE

By: Tristan Weinland

The race is ... about to begin!!!

The contestants are a jaguar, panther, tiger, cheetah and unexpected guest - a sloth. The following animals have been asked not to have their faces shown - the tiger and jaguar.

The race is on! The sloth quickly grabs the panther's tail.

The panther catches up to the cheetah only to figure out he has a stowaway.

The sloth grabs the tail of the cheetah's tail, and the cheetah races ahead.

At the last second, the sloth pushes in front of the cheetah and wins the race!!! The cheetah comes in second and the panther in third place.

FUN FACT: A sloth's average speed is .69MPH

About the Comic...

Tristan Weinland, third grade, will be in the Sunday paper with his awesome comics soon enough! According to the funny man, Tristan has been writing his strips since first grade and has continued to develop his talent throughout second and third grade. Sloths are his favorite animal and so of course he chose the sloth to star! Tristan hopes to share the message of self confidence, self value, and the clever utilization of traits across the school with his April Fools comic. Finally, true to his comedic nature when asked his inspiration behind *The Race* he said, "I don't know where I got the inspiration..I just thought it up." Thanks Tristan for your awesome contribution to the Eagle Eye!

Booster Out!

MEMORABLE MOMENTS

From April 9th to April 18th, the school participated in a fundraising event hosted by Boosterthon. Depending on your grade, it was either known as the Color Run or the Fun Run. Two of the company’s members, known to the students as Jamin’ Gina and Gnarly Carly, came to spend time with the students of the school. By pumping up excitement with a pep rally, having friendly competitions with students, and making daily classroom huddles, they taught the values of how to be a true leader. Rewards, such as Boosterthon toys, were given to students who managed to raise a certain sum of money. Classes earned incentives, such as crazy hair day and watching a movie during class, for donating.

As a result of us raising \$7,000 more than the \$25,000 goal, our principles, Mrs. Elliott and Mr. Andrew, got slimed. The Boosterthon girls were iced and several teachers were pied in the face. That was a lot of fun to watch. Perhaps the best part, though, is that the money raised goes to supporting the HSA in its many activities that help the school.

Q & A WITH DR. SHIRLEY

Q:

How do I express myself in school if I have to wear a uniform?

A:

Hello SEES student and thank you for your question. Expression of ones self and identity comes in different forms. I might challenge you to think that how we dress and look is least important, though we spend a lot of time trying to look our best. Why not think of ways to express yourself through your actions to others? Words and deeds are **powerful**. Give a compliment, share a thank you note or better yet practice listening to your friend(s). I believe the old adage - *Actions speak louder than words should also include Actions speak louder than how we look too!*

Riddle me this...

I am the youngest level of Girl Scouts. I’m a flower and a female’s name. I’m a railcar in Thomas and Friends and a princess in the Mario game. What am I?

These flowers can be yellow and sometimes orange, pink or white. But when it’s Valentine’s Day giving a red one is most right? What am I?

I’m found growing freely, the most beautiful weed. My name has the king of the jungle inside. In early fall, I turn fluffy and white and you might just see me gliding by. Who am I?
