

ST. EDWARD SPIRIT WEAR WINTER LINE LOOK BOOK

PLEASE READ THIS FIRST:

We are so excited to offer some new designs for Winter but we are also using a new order system with some quirks (but in the end easier than what we had before). We are using the backend system of Custom Ink, and their group order forms, so you will be placing your orders directly through custom ink but they will still come to school and be distributed to your students.

1. Each design will have its own order link and unfortunately that does mean you will have separate transactions per design. We have 2 masculine designs, 2 feminine designs, and sweatpant options for winter. Each link is listed on the design page.
2. Each design has a lot of choices as some things are out of stock in colors/sizes and we wanted to make sure you had options to choose from along with mom and dad shirts as well.
3. **PLEASE NOTE: THIS SEES LOOK BOOK is what your design will look like when it arrives.** The backend system of Custom Ink only applies ONE color design to all items (so sometimes it might look like the design is off or is a different color). Trust that your final product will look like the one in this guide.
4. Any questions please contact Denay Scharpf at spiritwear@seeschool.com

Sweat Pant Design
