

Student Name: _____

Rising 3rd Graders Summer Work

Each student will have the opportunity to participate in an ice cream party at the beginning of the 2019-2020 school year by completing the following IXL's by August 16.

In the **2nd grade section** of IXL, Rising 3rd grade students must earn 90 smart points on **all** of the IXL strands. The coordinating numbered strands in IXL and the strand names are listed below. Make sure you have your reporting date to start AFTER June 8th ~ and if you already have a smart score of 90, you need to do at least one more problem to maintain this smart score during this reporting period. This summer work is not counted for a percentage grade, but is highly encouraged so that you are ready for the next school year. If you want to participate in the ice cream party, you must meet the criteria listed above. If you do not qualify for the ice cream party, you will work on IXL while the party is happening :)

IXL Completion Log

Every teacher has access to IXL and student completion; however, print this to help your child work at a reasonable pace this summer. Please return it on Book Day.

1. Comparing numbers to 100
2. Comparing numbers to 1000
3. Subtract a one-digit from a 2 digit number up to 18
4. Subtraction word problems up to 18

Q.5	Read clocks and write times	

Student Name: _____

Signing in for the first time on IXL

In order for the reporting date to start after June 8th, follow these steps:

- Sign in to IXL using your username and password
- Click on the Analytics tab at the top
- Find Date Range and click on the drop down tab. Change the date range from last 30 days to Custom
- Enter the start date of June 8, 2019
- You are ready to begin!

Helpful Hints:

1. Make sure your child is signed in each time; otherwise, your work will not count!
2. If your child is having difficulty on a strand, read the explanation that follows. You may print out if needed.
3. Have fun!
