

## Rising 2nd Grade Summer Math Assignment

Dear Parents,

The second grade math program will add onto first grade skills, so any time spent learning or reinforcing math concepts this summer will be very beneficial for your child. Student mastery of the basic math skills is important to success in future mathematical procedures and reasoning. The activities and resources below are optional, but the second grade teachers would love for your child to review and work on any areas that are giving them difficulty.

Thank you so much!

### **Math Skill Review Books:**

2nd Grade Kumon Math Books (addition/subtraction/word problems)

[https://www.amazon.com/Grade-Addition-Kumon-Math-Workbooks/dp/1933241519?ref\\_=fscfp\\_pl\\_dp\\_1](https://www.amazon.com/Grade-Addition-Kumon-Math-Workbooks/dp/1933241519?ref_=fscfp_pl_dp_1)

These books can be found online or at your local bookstore.

### **Splash Math:**

Splash Math is an online math program that may be used to help students work on fundamental math skills. Summer Splash Math practice is optional but strongly recommended. It's a motivating and fun program. Reviewing the following concepts would be very beneficial and help assure that you are prepared for second grade.

1. Addition and Subtraction within 20
2. Advanced Addition and Subtraction
3. Add and Subtract within 100
4. Measurement and Data

Rising second grade students have been given their personalized username and passcode. If your child is a new student, please contact the school office to obtain your child's login information. You can download the Splash Math app or go to [www.splashmath.com](http://www.splashmath.com) to login.
